Trusted attributes

Check the attributes that only authorized people can change. Checked attributes are available for use in dynamic groups and security policies like PDP. Unchecked attributes are self-managed and can't be used in groups or security policies like PDP.

Tip: For tighter security, use Bulk Import to load values for trusted attributes.

| Admin only | Attribute | PDP policies | Groups |
|-------------------------------------|---|--------------|--------|
| <input type="checkbox"/> | Name | 0 | NA |
| <input checked="" type="checkbox"/> | Email | 0 | NA |
| <input type="checkbox"/> | Secondary email | 0 | NA |
| <input type="checkbox"/> | Employee number  | 0 | NA |
| <input checked="" type="checkbox"/> | Hire date | 0 | NA |
| <input type="checkbox"/> | Title | 0 | 0 |
| <input checked="" type="checkbox"/> | Department | 0 | 0 |
| <input type="checkbox"/> | Location | 0 | 0 |
| <input type="checkbox"/> | Phone | 0 | NA |
